Experience

January 17, 2022 – Present
Full-time

Web Developer at Loolia Closet
- I worked on both six different websites as a full-stack Web Developer, using Wordpress and WooCommerce plugin.
- Genrated a sheet using semrush to work on the SEO issues, and worked on removing internal and external broken links.
https://www.ounousa.com/
- Implemented a new design and worked on fixing some errors on the website.
https://ounousareviews.com/

January 2022
Freelance

Web Developer at Fürst Solutions
- Applied a new design to the website using Wordpress.
- I used the WPBakery page builder.
https://fuerstsolutions.com/

September 20, 2021 – January 20, 2022
Full-time

Web Developer at Presentail
- I worked on both Presentail's and Hadiyatee's websites as a full-stack Web Developer, using Wordpress and WooCommerce plugin.
https://presentail.com/
https://hadiyatee.com/
- I implemented a new design to the website, the design was provided on Figma.
- For the backend part, I worked on fetching the content from the dashboard.
- I worked on the website's webhooks to send requests to a third part API.

March 18, 2021 – December 31, 2021
Part-time

Web Developer at Beirut AI
- After working with Zaka AI, as an intern, I was assigned to manage and work on Beirut AI's website.
- I was responsible for the design of the company's website.
- I managed the interns, and guided them through their tasks.
https://beirutai.org/

December 18, 2020 - March 18, 2021

Web Development Intern at Zaka AI
- Worked on the website using Wordpress.
- I used the Mufin Builder, which is a drag-and-drop page builder.
- I also hard coded some of the features using CSS, HTML, and Javascript.
https://beirutai.org/
